

THE HEIGHTS

ON SAINT PAUL'S GREATER EAST SIDE

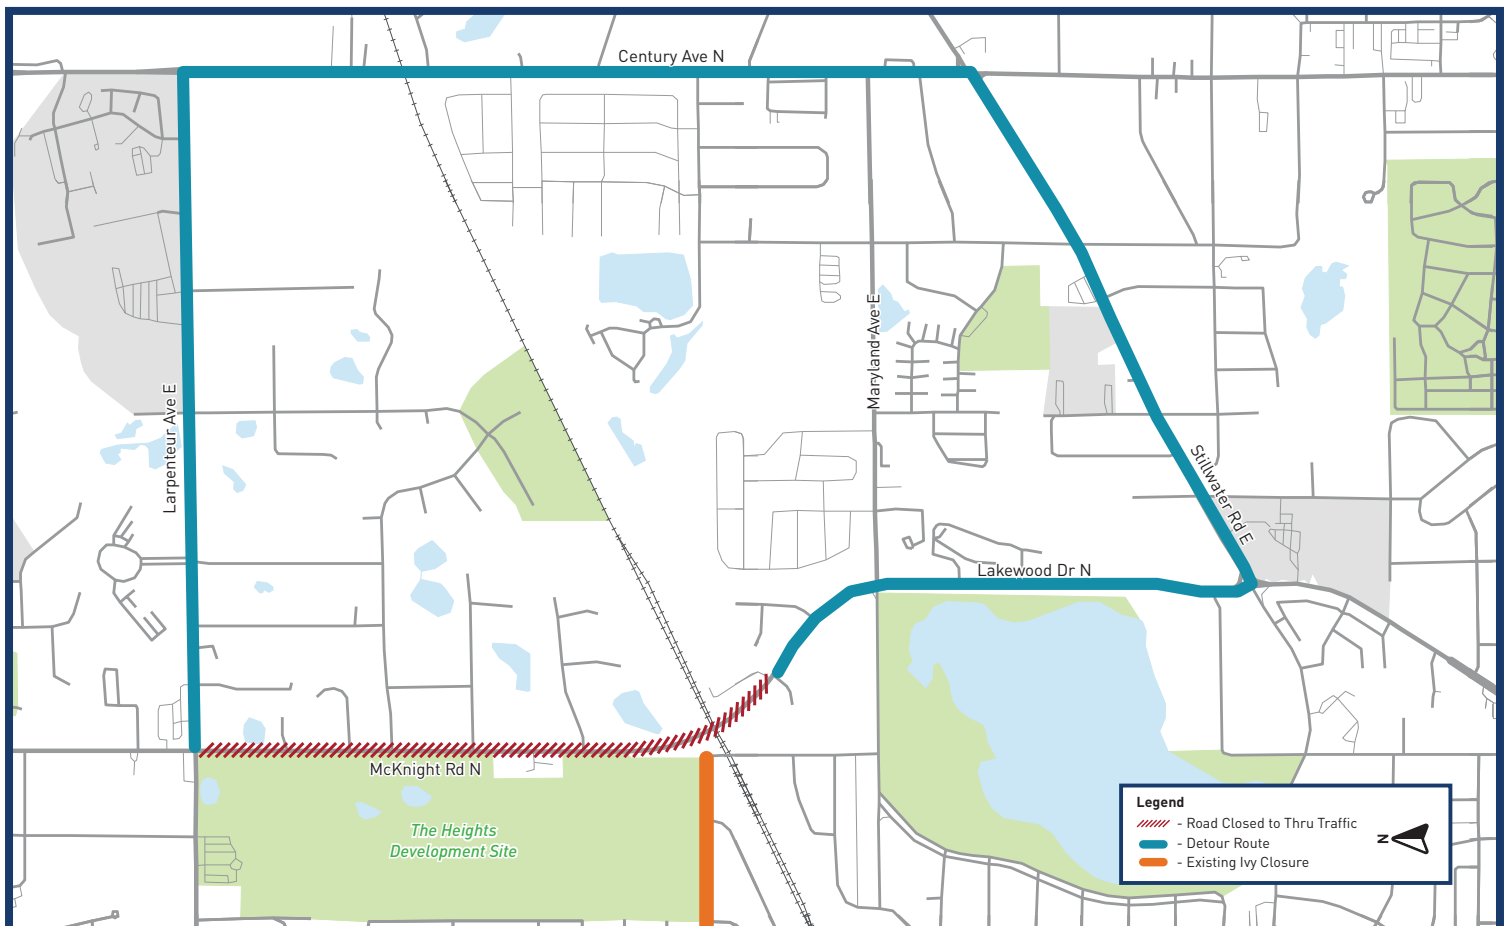

The Heights - Hillcrest Development

Project Update - August 9, 2024

McKnight Closure to Begin August 12

The Contractor will start the McKnight Rd N reconstruction beginning **Monday, August 12**, weather dependent. McKnight reconstruction includes public utility connections and pedestrian improvements. McKnight Rd N will be closed starting at the Larpenteur Ave E intersection. Access will be granted prior to the end of each work day. Resident access will be provided at all times to the locations shown as "Closed to Thru Traffic". A notice went out Friday, August 9, to residents along McKnight showing how they will gain access. Please follow posted detour signs.

The detour route can be viewed in the map below.

Current Construction Impacts

We know road closures can be inconvenient, and we appreciate your patience. The detour route for the Ivy Ave E closure is still active and will remain in place until late Summer 2024. This detour is set up to help you navigate around the construction area smoothly. Please follow the posted Ivy Detour route on the project website.

Ivy reconstruction includes sanitary sewer improvements, new watermain, storm sewer, and roadway.

Work Completed Week of August.5

- Watermain Services and Storm Sewer work continued on Ivy Ave E
- Watermain and Sanitary Sewer Services continued on Howard St and Cottage Ave within the project site
- Crews continued mass grading between and throughout the project site
- Structural crews continued retaining wall construction within the project site

Anticipated Work for Week of August 12

- Watermain, Sanitary Sewer, and Storm Sewer work will begin on McKnight Rd N
- Watermain and Sanitary Sewer Services on Howard St and Cottage Ave within the project site
- Crew will continue mass grading between and throughout the project site
- Structural crews will continue retaining wall construction within the project site
